A Message from the Mayor of Toronto

2005

It is my pleasure to extend warm wishes to everyone attending the sixth annual Home + Style Studio Tour and Sale.

I believe we all have the inherent ability to make a difference and it is very heartening that so many of you open the doors to your studios, homes, galleries and showrooms not only to celebrate creativity and design, but raise awareness and funds for HIV/AIDS.

Our City is a creative centre where our lives are enriched by the arts, culture flourishes and neighbourhoods grow. It is events like this that add to our enrichment and the cohesion of our communities.

On behalf of Toronto City Council, I congratulate the organizers and all participants for your hard work in making this event possible. My best wishes for an enjoyable and successful fundraiser.

Yours truly,
David Miller

Mayor David Miller

A Message from the Toronto People with AIDS Foundation

The Toronto People With AIDS Foundation is honoured to be this year's designated charity for the Home + Style Studio Tour.

The money raised will help us to provide critical programs and services to all people living with HIV/AIDS. Providing a food bank, a home delivery meal program, financial assistance as well as assistance navigating access to medication and disability income are some of the key programs that impact the lives of people living with HIV/AIDS.

In addition, our health promotion services—including treatment information, complementary therapies and social support—assist people in creating long-term strategies to help them maintain their health and potentially slow disease progression.

Linking local businesses and designers with ourselves as the designated charity is an important way for all of us to make a positive difference.
